BANDSAW STL 350 · 390 · 430 · 480

(2)

(1)

(5)

(6)

- Bandsaw for the meat and fish industries. Special robustness for large meat processing facilities and easy operating procedure.
- The design eases a good integration on the different lines of cutting process.
- Robust 18/10 stainless steel construction.
- Stainless steel pulleys with double flap.
- Automatic process of tension control.
- Safety device to stop running blade in 4 seconds.
- On-off switch with emergency stop button, IP65.
- Safety device when opening door.
- No volt release system.
- Manufacturing of blade on the right or left hand side
- Easy cleaning with water pressure.
- A one piece body construction to ease the cleaning on a uniform platform.
- Detachable cleaners for easy cleaning, without the use of tools.
- Scrapers for pulley cleaning during the cutting process.

TABLE OPTIONS: (Feet old model)

- **STL-F FIX TABLE (1).**
- **STL-M BEARING TABLE (2)**
Roller top table system.(3)
The roller top table converts to fix table easily. (4)
- **STL-R RAMP TABLE (5)**
Rod ramp table to cut slices. Lid for fix table.
- **STL-B BANKED TABLE (6)**
Banked table, to ease the product exit cut.
