**FOOD-CONTACT COMPLIANCE STATEMENT: SYNTHETIC CASINGS**

All synthetic casings are produced in accordance with relevant regulations below, suitable for use in direct contact with food and there are no restrictions for their use in food product manufacturing. The casing fulfils the requirements of the following regulations as amended:

- European Regulation (EC) No. 1935/2004 of the European Parliament and of the Council on materials intended to come into contact with food. Commission Regulation (EU) No. 10/2011 of 14 January 2011 on plastic materials and articles intended to come into contact with food.
- 21 CFR §177 Indirect Food Additives: Polymers and 21 CFR §175 Indirect Food Additives: Adhesives and components of coatings.
